

## **RECONSIDERATION OF LIBRARY MATERIALS FORM**

Page 1 (front)

We are sorry if you have been offended by any material in our collection. The Marysville Public Library subscribes to the Library Bill of Rights as adopted by the American Library Association June 27, 1967 and its subsequent amendments. This document reads, in part: "As a responsibility of library service, books and other library materials selected should be chosen for values of interest, information and enlightenment of all the people of the community." We realize that everyone's tastes are different, and that it is our responsibility to provide materials on a multitude of subjects and viewpoints, in many styles.

If you honestly feel that a book or other item in our collection does not belong in the library of a free society, we invite you to fill out the form on the reverse side of this sheet and leave it at the front desk. The desk clerk will see that it is given to the library director, who will be in touch with you regarding your complaint.

The Marysville Public Library believes in the rights of a free press guaranteed by the Constitution of the United States of America. We further believe that the parents of a child are the only people who should be allowed to monitor the reading, watching or listening activities of that child. Conversely, we believe that it is every parent's duty to monitor his or her child's activity, and that this is not the prerogative of the library.
